

Eglin AFB Regulation Clarification – Electric Bicycle Use

Page 13 of the FY23 Eglin Regulations Handbook reads as follows. Text in **RED** provides clarification:

b. Electric bicycles of all types and classifications are prohibited:

1. On all Eglin beaches.
2. In the Brier Creek MUs.
3. In any portion of a MU designated as “motorized vehicles prohibited”.

*For #3, ‘portions of a MU designated as “motorized vehicles prohibited” applies to those areas on the current Outdoor Recreation Map with boundary outlined in a **bold red line**. In the snapshot below of the Metts Unit, this means that TTAs F-13, F-14, I-3, I-4, and I-36 are closed to all electric bicycle use, regardless of classification.*
